**AUDIO RECORDING**  
and **ASSOCIATED DATA**  
Capture Solution for  
— **HEARINGS** —

## Improve your accuracy

Produced a complete minute report thanks to docket of the day integration.

## Annotate at anytime

Take notes during and after the recordings to add comments or references and quickly identify speakers and events.

## Increase your mobility

Record from a desktop or laptop computer. Through a search and playback web interface, access your recordings anytime and anywhere.

## Stay focus

Stay focus on the meeting, not on taking notes.

## AUDIO RECORDING AND ASSOCIATED DATA CAPTURE SOFTWARE FOR HEARINGS

Should your courtroom be fixed or mobile, Voxlog Unique is your solution. Compact while keeping its reliability and security assets, Voxlog Unique offers you an all-in-one solution. This product includes the Voxlog Client, Voxlog Server and Voxlog Copy software which are all available from a single computer.

From audio capture to archiving, through playing and copying; Voxlog Unique offers you a lot of benefits. Voxlog Unique is easy to install as well as manage and includes the database for case file administration.

Going on the road and being able to capture hearings, no matter where you are, that's the great advantage of Voxlog Unique.

## Document your decisions
